Dear Rachelle Powell:

The Commission on Emergency Planning and Response recently approved Finney County's nominated members for the Local Emergency Planning Committee (LEPC) on 11 Mar 2010. However, the request did not include a representative from the following discipline(s): Local Environmental Group

Section 301(c) of the Emergency Planning and Community Right-to-Know Act of 1986 stipulates membership of each LEPC shall include, at a minimum, a representative from each of the following groups or organizations:

- State/Local Official

- Emergency Management
- Firefighting
- Emergency Medical Services
- Health
- Chair Person
- Local Environmental Group
- Hospital
- Transportation

A single member may represent more than one of the above groups or organizations. Likewise, a group may be represented by more than one member. Ideally, members should be interested in emergency programs and community right-to-know activities.

Please notify the CEPR of this nomination for appointment as soon as the position has been filled, as well as any changes, corrections, additions, or requests to appoint a replacement member, or the entire Finney County LEPC membership.
