

Didja Know?

- **Is your “Reviewer” missing in action?**

“What does that mean?” you ask.

After having that big farewell party for the person that Reviews your Authorizations/Vouchers, something just occurs to you.....

**Who is responsible for reviewing
my stuff in DTS?**

Good question.....

**The Reviewer's supervisor needs to
contact the Lead DTA at USPFO
and make arrangements to
update your ROUTING LIST.**

**The Lead DTA for Kansas is
SPC Tom Bullock,
(785) 274-1220**

**And a word to the Supervisor:
While you are getting that Routing List
updated, make sure you have
an alternate reviewer too!**

**The sooner the Routing List is updated
the better!**

**You don't want to let your documents
get backed up.**
